2. Part-time employees are those regularly employed on a pre-arranged schedule, whose hours or days of work are less than the prescribed hours or days of work for full-time employees in the same group or class.

3. Intermittent employees are those employed on an irregular or occasional basis whose hours or days of work are not based on a pre-arranged schedule and who are compensated only for the time when actually employed or for services actually rendered.

4. W.O.C. (Without Compensation) represents those engaged to perform services on a regular or intermittent basis whose appointment does not provide for salary or wage payment.

5. Casual employees are those hired informally "on the spot" for short intervals of time in connection with emergency work.

6. Persons on leave without pay are those currently in a nonpay status for scheduled periods longer than 30 days (other than furlough by reduction in force).

7. Washington, D. C. Metropolitan Area includes the District of Columbia; Alexandria City, Arlington and Fairfax Counties, Virginia; and Montgomery and Prince Georges Counties, Maryland.

8. Turnover Formula: Full-time accessions or separations divided by the average number of full-time employees for the period reported (the number of full-time employees at the end of the past period plus the number of full-time employees at the end of the period reported, divided by two.)

SUMMARY OF GROUPS OF EMPLOYEES REGULARLY EXCLUDED FROM THE MONTHLY REPORTS

UNITED STATES DEPARTMENT OF AGRICULTURE

JUN 27 1952
U. S. DEPARTMENT OF AGRICULTURE

STATISTICAL SUMMARY OF EMPLOYMENT

APRIL 1952

Prepared by:
Office of Personnel
Division of Employment
5-16-52

DEFINITIONS OF TERMS USED FOR REPORTING PURPOSES

1. Full-time is the minimum number of hours constituting the official work week for a particular group or class of employees.

2. Part-time employees are those regularly employed on a pre-arranged schedule, whose hours or days of work are less than the prescribed hours or days of work for full-time employees in the same group or class.

3. Intermittent employees are those employed on an irregular or occasional basis whose hours or days of work are not based on a pre-arranged schedule and who are compensated only for the time when actually employed or for services actually rendered.

4. W.O.C. (Without Compensation) represents those engaged to perform services on a regular or intermittent basis whose appointment does not provide for salary or wage payment.

5. Casual employees are those hired informally "on the spot" for short intervals of time in connection with emergency work.

6. Persons on leave without pay are those currently in a nonpay status for scheduled periods longer than 30 days (other than furlough by reduction in force).

7. Washington, D. C. Metropolitan Area includes the District of Columbia; Alexandria City, Arlington and Fairfax Counties, Virginia; and Montgomery and Prince Georges Counties, Maryland.

8. Turnover Formula: Full-time accessions or separations divided by the average number of full-time employees for the period reported (the number of full-time employees at the end of the past period plus the number of full-time employees at the end of the period reported, divided by two.)

SUMMARY OF GROUPS OF EMPLOYEES REGULARLY EXCLUDED FROM THE MONTHLY REPORTS

Except for exclusions as cited in headings or footnotes on tables in this summary the following persons are not included in any of the tables shown.

1. All persons on a scheduled leave without pay period longer than thirty days.

2. All persons placed on furlough by reason of reduction-in-force after the last day of active duty specified in the reduction-in-force notice.

3. Casual employees (those employees hired informally by pickup "on the spot", for a definite job usually of short duration, and includes such classes as harvest hands, laborers on forest roads and trail work emergency fire fighters). The number of casual employees will be reported from time to time when complete reports are received.

4. Personnel cooperating or collaborating with, but not appointed nor paid by the Department of Agriculture (included in this group are: PMA County Committeemen, and County employees other than committeemen, extension agents, REA cooperatives, Civilian Public Service Assignees, Crop reporters, etc.). The number of those persons will be reported annually, as soon as possible after June 30 each year.

Full-time employment of the Department of Agriculture numbered 56,141 on April 30, 1952, as compared with 55,038 on March 31, 1952. Part-time and intermittent employment totaled 12,013 as compared with 11,636 on March 31, 1952.

Total paid employment on April 30, 1952, was 68,154, an increase of 1,480 since March 31, 1952. This figure applies to total paid employment in the Department, including employees outside the continental limits of the United States and part-time workers as well as those regularly employed.

Increases in employment in the Forest Service, Soil Conservation Service, and Bureau of Entomology and Plant Quarantine, and the decrease in employment in the Production and Marketing Administration were caused by seasonal activity in the field.

Fewer committeemen performed service during April which accounts for the decrease in part-time and intermittent employment in the Farmers Home Administration.

TURNOVER

The separations from the Department for April 1952 of full-time personnel within the continental limits of the U. S., including temporary employees, amounted to 1,164, or 2.1 percent, a decrease of 0.3 percent since March 31, 1952. There were 156 separations, or 1.6 percent, in the Washington, D. C. Area, the rate of separations remaining the same as for March 31, 1952. Outside the Washington, D. C. Area, there were 1,008 separations, or 2.3 percent, a decrease of 0.3 percent since March 31, 1952.

The greatest percentage of separations falls in the resignation group.

No. of Empl. as of 6-30-52	53,345	54,801
Increase	6,096	6,167

Full-time employment of the Department of Agriculture numbered 64,587 on June 30, 1952, as compared with 58,223 on May 31, 1952. Part-time and intermittent employment totaled 13,662, as compared with 11,797 on May 31, 1952.

Total paid employment on May 31, 1952, was 78,249, an increase of 8,229 since May 31, 1952. This figure applies to total paid employment in the Department, including employees outside the continental limits of the United States and part-time workers as well as those regularly employed.

Increases in employment in the Bureau of Plant Industry, Soils, and Agricultural Engineering; Entomology and Plant Quarantine; Soil Conservation Service; Forest Service; and Production and Marketing Administration were due to increased seasonal activity in the field.

More committeemen performed service during June which accounts for the increase in part-time and intermittent employment in the Farmers Home Administration.

CASUAL EMPLOYMENT:

Casual employees (not included in the regular monthly reports of employment) are reported whenever information is received. For the month of May 1952, there were 3,553 casual employees in the Department, representing a decrease of 2,265 over the April 1952 figure. The Forest Service was the only agency employing casual personnel during the period.

FEMALE EMPLOYMENT
FOURTH QUARTER, FISCAL YEAR 1952

There was an increase of 925 in the total paid female employees of the Department since March 31, 1952. The total number of paid female employees, 16,005, on June 30, 1952, represents 20.5 percent of the total paid employees of the Department.

3. Intermittent employees are those employed on an irregular or occasional basis whose hours or days of work are not based on a pre-arranged schedule and who are compensated only for the time when actually employed or for services actually rendered.

4. W. O. C. (Without Compensation) represents those engaged to perform services on a regular or intermittent basis whose appointment does not provide for salary or wage payment.

5. Casual employees are those hired informally "on the spot" for short intervals of time in connection with emergency work.

6. Persons on leave without pay are those currently in a nonpay status for scheduled periods longer than 30 days (other than furlough by reduction in force).

7. Washington, D. C. Metropolitan Area includes the District of Columbia; Alexandria City, Arlington and Fairfax Counties, Virginia; and Montgomery and Price Georges Counties, Maryland.

8. Turnover Formula: Full-time accessions or separations divided by the average number of full-time employees for the period reported (the number of full-time employees at the end of the past period plus the number of full-time employees at the end of the period reported, divided by two.)
